

APPENDIX E – verification check-list

Version de l'annexe	Décembre 2023
Version précédente	Aout 2023

The INIES programme rules recommend the use of the verification check-list provided in « Audit and Verification Guidelines for ECO EPD Programme Operators » [ECO Audits - Eco Platform en \(eco-platform.org\)](https://eco-platform.org). The version 6 of Ecoplatform Audit and Verification Guidelines (march 2023) are used. The verification guidelines and check list are given in section 4.1, 4.2, 4.3 et 4.4 of the document.

Optional approaches that do not comply with the requirements of the INIES programme and parts concerning EEE products have also been removed from the French version of this appendix. Only the French version of the check-list is official.
